

Rikku's Overdrive Mix Tables

What is Rikku's Overdrive?

Rikku is one of the characters in Final Fantasy® X and from a certain point in the game she becomes a member of your party. Her Overdrive (a special attack your characters can launch when they are powered up) is pretty unusual. In order to perform it, you must select two items from your inventory and mix them together. The result is an Overdrive with unique offensive and defensive effects.

What are Rikku's Overdrive Mix Tables?

There is no way of telling in advance what the result will be when Rikku mixes two items together. Unless, that is, you use the Overdrive Mix Tables! The first table (Mix by Items) allows you to compare two items and then find out what the result will be after they are mixed together. The second table (Mix by command) works in reverse: look at a result and find out which two items are required to achieve it.

The colour system within the tables shows you the effect of each mix:

LEGEND	
Fire attack	Non-elemental attack
Lightning attack	Healing spell
Water attack	Protective spell
Ice attack	Miscellaneous

Why are these tables being offered in digital format?

With over 6,000 individual variables in Rikku's Overdrive it could take quite some time to find the information you require. Unless, of course, that information is stored digitally! In our tables you can search for specific terms and find them in an instant. Just have a look at this post on the authorisedcollection.com forum to find exactly how to do so:

<http://www.authorisedcollection.com/forum/ubbthreads.php>

Click [here](#) to see the 112 items and the Mix results when combining them.

Click [here](#) to see the 64 Commands, with an overview of which two items can be combined to achieve them.

These tables are brought to you by piggyback, publisher of the Final Fantasy® X Official Strategy Guide. They are offered as a FREE bonus, taking advantage of the possibilities offered by digital media and the web.

[Why not visit our site to find out.](#)

The 228-Page Final Fantasy® X Official Strategy guide is available in all video game retail outlets from the 29th May 2002 priced at £12.99.
